## OUR HERITAGE

# Thirty Years. One Standard.

Our roots trace back to 1993, when Leather Inn was founded as a 100% Export Oriented Unit in Ram Bagh, Agra — India's leather capital. For over two decades we supplied the European high street, manufacturing for Inditex (Zara), River Island, Lacey's London, Cuple Spain, Bata Italy, Stylo, Barratts, and Carlton UK — consistently to SATRA UK standards. In 2021, the business was restructured as Leather Craft Inn — same master craftsmen, same facility, same standards. Now under unified leadership with a sharper focus: one partner, full accountability, direct relationships.

**1993**

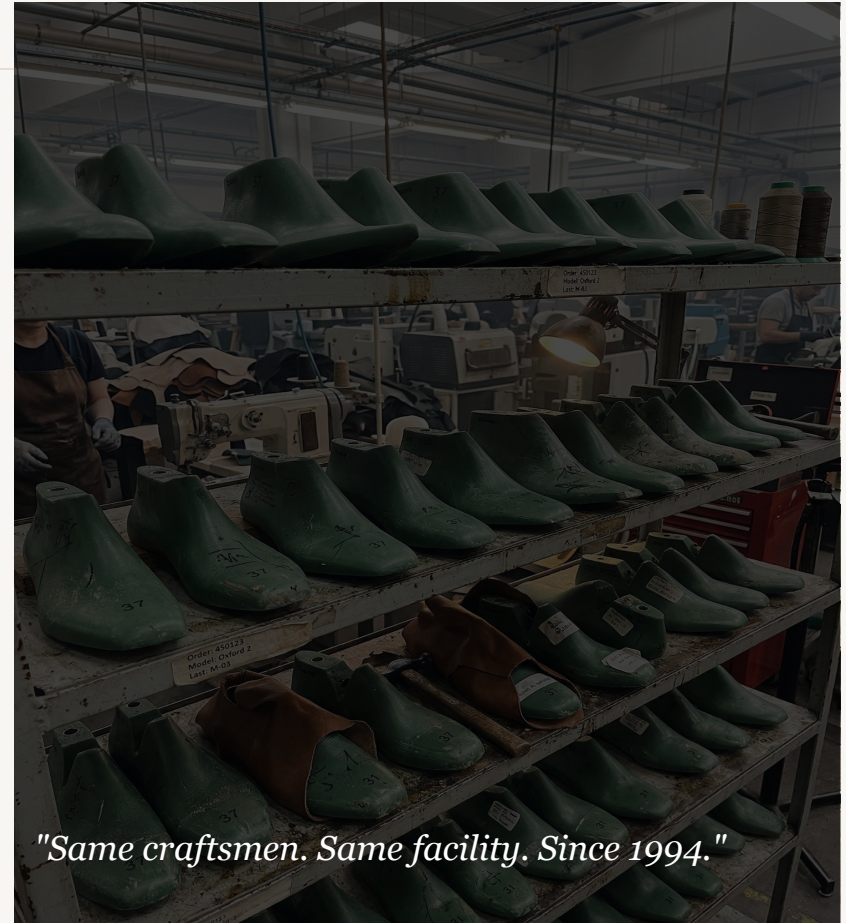

Founded as 100% Export  
Oriented Unit

**1993–2020**

Supplied leading European  
retailers

**2021**

Restructured as Leather Craft  
Inn

*"Same craftsmen. Same facility. Since 1994."*

# What Makes Us Rare

*Most factories do one or two of these. We do all of them — under one roof, in one order.*
